The Cholera—Accident to Mr. Clay.

The death of the past week amounted to 130-30 of which were by Cholera.

Markets.—NEW-YORK, Jan. 24.  
Cotton.—The sales yesterday reached 1,400 bales, at 1 cent advance. Other things remain about the same with a moderate business doing in Flour and Grain. Pork is dull.

Markets, &c.,—BALTIMORE, Jan. 24.  
The Washington papers of this morning contain no news of importance.

The Markets here to-day show no change since yesterday. Merchants are waiting for later foreign news.

ARRIVAL OF THE FALCON.—The U. S. Mail steamer *Falcon* from Chagres via New Orleans, St.annah and Charleston, arrived yesterday afternoon.

FROM NEW-ORLEANS.—The Southern Mail of yesterday brings New-Orleans papers of the 15th and 16th inst. The Cholera was still on the decrease and business reviving.

The arrival of the steamer *Albatross* had been announced, and the merchants were anxiously awaiting the details of her news.

The long contested case of the Citizens Bank of New Orleans, &c., & J. Denatow, was put on trial before the U. S. Circuit Court in that city on the 15th inst on a charge of larceny and warrants.

ILLINOIS—Election of Gen. Shields to the U. S. Senate.—The *St. Louis Republic* of the 15th inst. learns by telegraph from Springfield, that Gen. JAMES SHIELDS has been elected to the Senate of the United States for six years from the 1st of March next, when his term will expire.

On the 15th inst. Shields received 35 votes, Breese 27, McClelland 8. On the second and last ballot, Shields received 35 votes, Breese 24, (three of his friends going over to Shields), and McClelland 8 votes.

The Washington correspondent of the Philadelphia *North American* says that the Pennsylvania Delegation (the Whig portion of it) did not recommend Hon. ANDREW STEWART for Secretary of the Treasury under Gen. Taylor's Administration, as stated in the Telegraphic account, but simply adopted a Resolution declaring that the interests of the State require that the Secretary of the Treasury should be chosen from Pennsylvania.

Mr. CALHOUN is rapidly recovering from his late indisposition, and it is said will be able in a few days to resume his seat in the Senate.

ESCAPEES FROM LAZAR.—The *Albany Evening Journal* of Monday contains a report of the debate in the Senate last Friday, on the bill "farther to protect personal liberty." The question was on agreeing with the report of the Committee of the Whole on the bill. Mr. Bush opposed the bill on the ground that it conflicted with what he considered a plain provision of the Constitution. A debate then sprang up between himself and Mr. CORNWELL, who was in favor of the bill. Mr. HAWLEY then spoke at length in favor of the bill, stating that it interfered in no way with the duties of U. S. Officers in the State. After some further discussion between Messrs. HAWLEY and FINE, on one side, and Messrs. BUSH and FINE, on the other, the bill, at Mr. FINE's suggestion, was made the special order for Tuesday.

The Washington correspondent of the Philadelphia *North American* writes, Jan. 22, (3) as follows: It is now 1 o'clock, and the Southern Caucus has adjourned.

The meeting opened with the reading of Mr. Herriett's address, which occupied nearly an hour. After it had been submitted, Mr. MARION of Va. called the attention by an inflammatory appeal, declaring that the paper was a "disgrace to the South." He could not lend his sanction to such a proclamation, since it interfered in no way with the duties of U. S. Officers in the State. After some further discussion between Messrs. HAWLEY and FINE, on one side, and Messrs. BUSH and FINE, on the other, the bill, at Mr. FINE's suggestion, was made the special order for Tuesday.

Mr. BAYLY, in answer to this appeal, said he had not changed his original ground. In his view, no address could be published, as he was quite sure that the address would be a "disgrace to the South." He could not lend his sanction to such a proclamation, since it interfered in no way with the duties of U. S. Officers in the State. After some further discussion between Messrs. HAWLEY and FINE, on one side, and Messrs. BUSH and FINE, on the other, the bill, at Mr. FINE's suggestion, was made the special order for Tuesday.

Mr. STEPHENS renewed the motion which Gen. CHAPMAN had proposed, and the first question was, whether that demanded by their duty as Senators and Representatives in Congress. He accompanied his motion with the request that there had been a year ago, in order that the caucus might be held in a more secluded place, there was less reason, from the events that had transpired since, to take a public flight, than there was at that time.

After these addresses and others, a division was called on the motion submitted by Mr. STEPHENS, which was laid on the table by 35 yeas, against 19 nays.

Mr. STEPHENS then attempted to bring such numbers as were in favor of the address, the privilege of leaving it to their own names. But Mr. Herriett persisted on a point of order, and his address was rejected by 35 yeas, against 19 nays.

Then came the tug of war on the original motion, which was carried with evident signs of a struggle, but by 35 yeas, against 19 nays.

The Secretary retired, whereupon closely scrutinized the roll, and showed that the disunionists were 35 yeas, against 19 nays.

Mr. GAYLE of Ala. voted with the disunionists, and enjoyed the honor of holding and Mr. LEVINSON of Ga. Mr. CONN. Mr. LEVINSON and other Loco-Focos refused to respond. Mr. McDOWELL of Va. voted *yea*, and perhaps there was the vote on Mr. CALHOUN'S Address in Congress. This need not be said, as the address was not originated and conducted to destroy the peace and permanency of this glorious Union. All honor to the noble Whigs who have borne so gallantly and faithfully throughout the contest.

Indignation prevented Mr. CALHOUN from witnessing his defeat.

A NEW ROUTE TO CALIFORNIA.—A company is now turning for the purpose of opening a new route to the Pacific via San Juan River and Lake Dravay. It is said that a few little boats will be made to run on the San Juan River, and the Lake, through which steam vessels can pass to Leona, a small town on the water, and from there a route of 300 miles a plank road or canal can be easily made, and the route then will be some 300 miles nearer than by Chagres and Panama.
